**October 30, 2019** – CentrePort Canada Inc. announced nine additional companies have established operations or are in the process of building new facilities in Brookside Business Park (“the Park”) at CentrePort Canada (“CentrePort”) within the Rural Municipality of Rosser.

Developed by OLEXA Development Ltd. and brokered by Robert Scaletta of Shindico Realty Inc., the 150-acre, mixed-use industrial park includes industrial, office and retail tenants. The latest additions to the Park are two single-user new construction facilities and two multi-tenant industrial buildings, bringing nearly 200,000 square feet of new, modern industrial space to the Manitoba real estate landscape. “The market response to new, efficient, and modern industrial space has been swift,” said Robert Scaletta, Vice President, Industrial, Shindico Realty Inc. “Brookside Business Park is an ideal location for customers looking for customizable inventory. It also provides easy access to multiple modes of transportation and excellent visibility in a rapidly growing commercial hub.”

“We welcome these market leaders to CentrePort North,” said Frances Smee, Reeve, Rural Municipality of Rosser. “Over the last year, we have seen an incredible amount of investment and development activity; the private sector is responding to the infrastructure we have worked to put in place and development is booming.”
